

Applied Conveyor Technology, Inc. has been proud to serve the bulk material handling industry in California, Nevada, Oregon, and Washington for the past twenty years. Our expert and experienced staff of field personnel consist of certified and factory trained technicians.

ACT employs only skilled and qualified Supervisors, Millwrights, Welders, Mechanics, Mechanic Assistants, Dust Suppression Technicians and Silo Cleaning Operators.

All ACT field personnel are MSHA Part 46 trained. ACT has fully equipped field trucks, tool trailers and proprietary equipment. We are a phone call away to assist with your facilities' needs, .... however, big or small.
