

SOLUTIONS made SIMPLE

A newsletter published by ACT to help make your material handling

SAFER, CLEANER, & MORE
PRODUCTIVE.

ARE YOU TIRED OF ALL THE SPILLAGE AT YOUR PLANT?

A global producer of cement, ready mixed concrete, aggregates and related products has completed a significant upgrade to its bulk material handling conveyors, helping the company eliminate waste and reduce maintenance, while minimizing potential **risks from airborne dust and fugitive material** buildup. By avoiding accumulations that required cleanup, the company is also **reducing the need for maintenance** personnel to work in close proximity to fast moving conveyors, helping further **diminish the chance of accident or injury**.

Are you ready to clean up your plant?

ACT has our Spillage Saver Starter Kits to will help you eliminate your transfer point spillage challenges!

- ◆ ACT Three Piece Chute w/bolts
- ◆ EVO Standard Guard-A-Belt for load support
